

# AMBERLITE

## Swatches

Please review the following information before requesting Amberlite samples.

We hold stock of a smaller range of styles here in the UK for smaller projects. This also allows for faster delivery times. Any styles that are not marked as being available as UK stock require a minimum order quantity of twenty square metres. This means that we can still offer samples, but if an order is placed, we require the order to be a minimum of twenty square metres.

We offer 3 samples only in the first instance and these are supplied and shipped free of charge within the UK by standard 4 days courier service, we do not provide a next day service. For samples outside of the UK the samples are again offered free of charge, but the shipping is to the clients account only.

Our standard sample size is 100 x 100 and samples can be ordered by emailing [sales@amber-lite.com](mailto:sales@amber-lite.com)
